Report and consolidated interim financial statements For the three-month and six-month periods ended 30 June 2016 Independent Auditor's Report on Review of Interim Financial Information

To the Shareholders of Bangkok Expressway and Metro Public Company Limited

I have reviewed the accompanying consolidated statement of financial position of Bangkok Expressway and Metro Public Company Limited and its subsidiaries as at 30 June 2016, the related consolidated statements of income and comprehensive income for the three-month and six-month periods ended 30 June 2016, the consolidated statements of changes in shareholders' equity and cash flows for the six-month period ended 30 June 2016, as well as the condensed notes to the consolidated financial statements. I have also reviewed the separate financial information of Bangkok Expressway and Metro Public Company Limited for the same period. Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34 *Interim Financial Reporting*. My responsibility is to express a conclusion on this interim financial information based on my review.

Scope of review

I conducted my review in accordance with Thai Standard on Review Engagements 2410, *Review of Interim Financial Information Performed by the Independent Auditor of the Entity.* A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34 *Interim Financial Reporting*.

### 28. The disputes with Expressway Authority of Thailand (EXAT)

The Company and the subsidiary had a total of 12 disputes with EXAT, which were referred to the Arbitral Tribunal in accordance with the dispute settlement procedures under the Agreements and in the Administrative Court, divided into the disputes that the Company and the subsidiary referred to the dispute settlement proceedings under the Agreements and demanded for damages with the total amount until the date of submission of the disputes of approximately Baht 28,179.8 million; and the disputes that EXAT submitted claims for damages with the total amount until the date of submission of the disputes of approximately Baht 1,590.9 million. The essence of each dispute was as follows:

#### 28.1 Disputes submitted by the Company and the subsidiary claiming for damages

28.1.1 Priority Component Opening Date under the Second Stage Expressway Agreement

The Company completed the construction of the "Priority Component" of the Si Rat Expressway on 13 November 1992, in respect of which the Agreement specified that the date on which the Construction Completion takes place in respect of the Priority Component should be deemed as the Priority Component Opening Date, and the Company would then be entitled to receive the toll revenue sharing, but EXAT just commenced sharing the toll revenue with the Company on 2 September 1993, thereby rendering the Company to lose such revenue which should have been received under the Agreement.

EXAT and the Company had different opinions as to which date was the Priority Component Opening Date, from which EXAT was obliged under the Agreement to commence sharing the toll revenue with the Company onwards.

On 9 July 2001, the Company then referred such dispute to the Arbitral Tribunal requesting an arbitral award requiring EXAT to compensate for the deficient revenue plus interest until the date of submission of the dispute in the amount of Baht 3,831.4 million. In this respect, EXAT raised an objection and counterclaimed in the total amount of Baht 15,575.4 million.

On 15 December 2008, the Arbitral Tribunal rendered its arbitral award on the dispute requiring EXAT to pay the toll revenue sharing for urban network which should have been received by the Company for the period from 13 November 1992 to 2 September 1993, amounting to Baht 1,974.6 million, calculated for interest up to 30 June 2001, amounting to Baht 1,856.8 million, totaling Baht 3,831.4 million, including the interest from 1 July 2001 onwards until the payment would be made in full to the Company, and dismissed EXAT's counterclaim requiring the Company to compensate for such toll revenue in the amount of Baht 15,575.4 million. In this regard, EXAT subsequently issued a letter refusing to comply with the arbitral award.

On 20 April 2009, EXAT submitted a petition to the Central Administrative Court requesting the Court to revoke the arbitral award or order refusing to enforce compliance with the arbitral award, and on 19 October 2011, the Company submitted a petition to the Central Administrative Court requesting a judgment to enforce compliance with the arbitral award as another case, with the disputed amount of Baht 5,021.1 million.

On 13 September 2013, the Central Administrative Court adjudged to dismiss EXAT's petition requesting the Court to revoke the arbitral award and adjudged to enforce the Company's petition by requiring EXAT to pay the toll revenue sharing for urban network which should have been received by the Company for the period from 13 November 1992 to 2 September 1993, amounting to Baht 1,974.6 million, with interest under the Agreement calculated from 13 November 1992 up to 30 June 2001, amounting to Baht 1,856.8 million, including the interest calculated from 1 July 2001 up to the date on which the Company submitted the petition to the Court, 19 October 2011, amounting to Baht 1,189.7 million, thereby bringing a total of the toll revenue sharing together with interest to Baht 5,021.1 million, to the Company, as well as requiring EXAT to pay the default interest on the principal until the payment would be made, together with interest, in full to the Company, whereby EXAT shall make such payment in full within 60 days from the date on which the case is final.

On 11 October 2013, EXAT lodged an appeal against the Central Administrative Court's judgment with the Supreme Administrative Court.

At present, it is pending the Supreme Administrative Court's consideration.

#### 28.1.2 Competing road with the Udon Ratthaya Expressway

The Agreement specified that during the term of the Agreement, should EXAT or the Government put into effect any arrangements for the construction or substantial improvement of any road or highway of an expressway standard within the primary catchment area of the Expressway, which has the effect of reducing the actual volume of traffic using the Expressway or the revenue arising therefrom from the projections, EXAT shall compensate the subsidiary for such effect.

Given that the Government granted permission for construction of the Extension of the Don Muang Tollway Project, from the National Memorial to Rangsit Section, which constituted a competing road under the Agreement, and affected the financial position of the subsidiary, the subsidiary therefore demanded EXAT to compensate for such effect as per the Independent Certification Engineer's letter certifying the effect upon the subsidiary.

On 20 December 2004, the subsidiary then referred such dispute to the Arbitral Tribunal for an arbitral award requiring EXAT to compensate for the deficient revenue, thereby rendering such damages until the date of submission of the dispute (excluding interest) to Baht 1,790 million.

On 27 November 2008, the Arbitral Tribunal rendered its arbitral award on the dispute requiring EXAT to compensate for the deficient revenue from the projection to the subsidiary for the year 1999 in the amount of Baht 730.8 million, with interest from 14 June 2000 onwards, until the payment would be made in full, and for the year 2000 in the amount of Baht 1,059.2 million, with interest from 22 March 2001 onwards, until the payment would be made in full.

Subsequently, EXAT issued a letter to the subsidiary, confirming that the arbitral award was illegitimate; and the enforcement of such arbitral award was considered a violation to the public order and good moral of the people, EXAT was thus unable to comply with such arbitral award.

On 3 March 2009, EXAT submitted a petition to the Central Administrative Court requesting the Court to revoke the arbitral award.

On 1 September 2011, the subsidiary submitted a petition to the Central Administrative Court requesting a judgment to enforce compliance with the arbitral award as another case, with the disputed amount of Baht 3,296.7 million.

On 3 May 2013, the Central Administrative Court adjudged to dismiss EXAT's petition requesting the Court to revoke the arbitral award and the Central Administrative Court also issued a judgment to enforce compliance with the arbitral award, thereby requiring EXAT to compensate for revenue reduced from the projection to the subsidiary for the year 1999 in the amount of Baht 730.8 million and for the year 2000 in the amount of Baht 1,059.2 million together with interest until the said payment would be made in full.

On 31 May 2013, EXAT lodged an appeal against the Central Administrative Court's judgment in both cases with the Supreme Administrative Court.

At present, it is pending the Supreme Administrative Court's consideration.

#### 28.1.3 Issuance of variation orders by EXAT

EXAT issued additional variation orders for certain construction work of the Si Rat Expressway and confirmed that EXAT would be responsible for such costs as actually incurred by such variation orders. The Independent Certification Engineer subsequently issued a letter certifying the additional costs in the total amount of Baht 209.1 million (excluding interest). EXAT refused to make such payment as certified by the Independent Certification Engineer.

On 9 December 2009, the Company submitted a statement of claim to the Thai Arbitration Institute, demanding EXAT to compensate the Company for damages caused by EXAT's issuance of three variation orders.

On 20 December 2013, the Arbitral Tribunal unanimously rendered its arbitral award requiring EXAT to pay the construction costs and expenses as per such variation orders in the total amount of the principal with interest of Baht 382.5 million, including the interest on the principal in the amount of Baht 209.1 million, calculated from the day following the date of submission of the statement of claim until the said payment would be made in full to the Company.

On 17 January 2014, the Company issued a letter to EXAT requiring compliance with the arbitral award. On 4 February 2014, EXAT issued a letter refusing to comply with the arbitral award because the arbitral award was illegitimate.

On 26 March 2014, EXAT submitted a petition to the Central Administrative Court requesting the Court to revoke the arbitral award.

At present, it is pending the Central Administrative Court's consideration.

28.1.4 Revision of toll rates of the Chalerm Mahanakorn Expressway and the Si Rat Expressway for the year 2003

The Company requested to revise the toll rates under the Second Stage Expressway Agreement which stipulates that the toll rates shall be revised every five year interval. In this regard, EXAT and the Company had different opinions in respect of the calculation of the tolls to be revised, and as such, EXAT issued the toll rate notification which did not increase the toll rates as proposed by the Company.

On 14 May 2008, the Company submitted the statement of claim to the Thai Arbitration Institute, demanding EXAT to compensate the Company for damages caused by the revision of toll rates for 2003, which was not in accordance with the Agreement. Subsequently, on 27 March 2009, the Company submitted a petition for amendment to the statement of claim in respect of the figures of the toll rates for 2003 based on the Ministry of Interior Notification dated 23 October 1998 in accordance with the decision of the Supreme Court under the Supreme Court Judgment No. 11102/2551, thereby changing the total damages claimed by the Company against EXAT, together with interest up to 31 March 2008, to the total amount of Baht 4,368 million.

On 12 February 2016, the Arbitral Tribunal, by the majority of votes, rendered its arbitral award requiring EXAT to compensate the Company for damages, together with interest, in the amount of Baht 4,368 million, including interest under Clause 25.6 of the Agreement on the principal of the damages in the amount of Baht 3,776.1 million, calculated on a daily basis from 1 April 2008 onwards until EXAT would make such payment in full and compensate the Company for damages as difference between the toll rates under the Ministry of Transport Notification dated 29 August 2003 and the valid toll rates under the Agreement, calculated on a daily basis based on the number of each type of cars using the urban and suburban networks of the Second Stage Expressway System from 1 April 2008 onwards, as well as default interest from 1 April 2008 onwards until EXAT would compensate the Company for such damages, together with interest.

On 14 March 2016, the Company issued a letter to EXAT requiring compliance with the arbitral award. EXAT then issued a letter to the Company notifying that the arbitral award was illegitimate, EXAT therefore could not comply with such arbitral award.

On 30 May 2016, EXAT submitted a petition to the Central Administrative Court requesting the Court to revoke the arbitral award.

At present, it is pending the Company's preparation for submission of its answer and preparation of a petition for enforcement of the arbitral award for submission to the Central Administrative Court.

Since the disputes are pending consideration, the Company and the subsidiary therefore did not record such entries in the financial statements.

#### 29. Fair value hierarchy

The Company and its subsidiaries use the market approach to measure their assets and liabilities that are required to be measured at fair value by relevant financial reporting standards, except that the cost approach or income approach is used when there is no active market or when a quoted market price is not available.

#### Fair value hierarchy

In applying the above-mentioned valuation techniques, the Company and its subsidiaries endeavor to use relevant observable inputs as much as possible. TFRS 13 Fair Value Measurement establishes a fair value hierarchy categorising such inputs into three levels as follows:

- Level 1 Use of quoted market prices in an observable active market for such assets or liabilities
- Level 2 Use of other observable inputs for such assets or liabilities, whether directly or indirectly
- Level 3 Use of unobservable inputs such as estimates of future cash flows

As of 30 June 2016, the Company and its subsidiaries had the following assets and liabilities that were measured at fair value using different levels of inputs as follows:

### Valuation techniques and inputs to Level 2 valuations

The fair value of investments in unit trust has been determined from their net asset value as announced by Asset Management Company.

The fair value of derivatives has been determined by using a discounted future cash flow model and a valuation model technique. Most of the inputs used for the valuation are observable in the relevant market, such as interest rate yield curves.
