Bangkok Expressway and Metro Public Company Limited and its subsidiaries Report and consolidated interim financial statements For the three-month and nine-month periods ended 30 September 2019

Independent Auditor's Report on Review of Interim Financial Information

To the Shareholders of Bangkok Expressway and Metro Public Company Limited

I have reviewed the accompanying consolidated statement of financial position of Bangkok Expressway and Metro Public Company Limited and its subsidiaries as at 30 September 2019, the related consolidated statements of income and comprehensive income for the three-month and nine-month periods then ended, the related consolidated statement of changes in shareholders' equity and cash flows for the nine-month period then ended, as well as the condensed notes to the consolidated financial statements. I have also reviewed the separate financial information of Bangkok Expressway and Metro Public Company Limited for the same period. Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34 *Interim Financial Reporting*. My responsibility is to express a conclusion on this interim financial information based on my review.

Scope of review

I conducted my review in accordance with Thai Standard on Review Engagements 2410, *Review of Interim Financial Information Performed by the Independent Auditor of the Entity.* A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34 *Interim Financial Reporting*.

Emphasis of matter

a competing road with Udon Ratthaya Expressway for the year 1999 - 2000, which was ruled on by the Supreme Administrative Court in September 2018, in favour of the subsidiary. The dispute is only one of a number of all disputes relating to the Expressway Concession Agreements of the Company and the subsidiary and a number of these disputes are still being considered by a panel, arbitral tribunals, and administrative courts as described in Note 31 to the interim financial statements. The Company and the subsidiary have negotiated with the relevant government agencies to reach a comprehensive resolution of these disputes. The results of the dispute negotiation and settlement between the government agencies and the Company and the subsidiary are still pending, as the relevant government agencies are seeking approval from the cabinet. When approval is granted by the cabinet, the concession agreements are to be

Bangkok Expressway and Metro Public Company Limited and its subsidiaries Notes to consolidated interim financial statements

For the three-month and nine-month periods ended 30 September 2019

1. General information

1.1 Corporate information

Bangkok Expressway and Metro Public Company Limited ("the Company") is a public company from amalgamation under Thai law on 30 December 2015 and domiciled in Thailand. The Company's major shareholder is CH. Karnchang Public Company Limited, which was a public company incorporated in Thailand. The Company is principally engaged in the construction and management of expressways, the operation of metro services and commercial development. Its registered office of the Company is at 587 Sutthisarn Road, Ratchadaphisek Subdistrict, Dindaeng District, Bangkok. The Company has four branches.

The MRT Blue Line Project

On 29 September 2019, the Company officially commenced operation of the MRT Blue Line Extension Project: Hua Lamphong Station-Lak Song Station.

1.2 Basis for preparation of interim financial statements

These interim financial statements are prepared in accordance with Thai Accounting Standard No. 34 Interim Financial Reporting, with the Company choosing to present condensed interim financial statements. However, the Company has presented the statements of financial position, income statement, comprehensive income, changes in shareholders' equity and cash flows in the same format as that used for the annual financial statements.

The interim financial statements are intended to provide information additional to that included in the latest annual financial statements. Accordingly, they focus on new activities, events and circumstances so as not to duplicate information previously reported. These interim financial statements should therefore be read in conjunction with the latest annual financial statements.

The interim financial statements in Thai language are the official statutory financial statements of the Company. The interim financial statements in English language have been translated from the Thai language interim financial statements.

1.3 Basis of consolidation

These interim consolidated financial statements have been prepared on the same basis as that applied for the consolidated financial statements for the year ended 31 December 2018, with no changes in shareholding structure of subsidiaries during the period.

1.4 New financial reporting standards

(a) Financial reporting standards that became effective in the current period

During the period, the Company and its subsidiaries have adopted the revised (revised 2018) and new financial reporting standards and interpretations which are effective for fiscal periods beginning on or after 1 January 2019. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards. The adoption of these financial reporting standards does not have any significant impact on the Company's and its subsidiaries' financial statements. However, the new standard involves changes to key principles, which are summarised below:

TFRS 15 Revenue from Contracts with Customers

TFRS 15 supersedes the following accounting standards together with related interpretations.

TAS 11 (revised 2017) Construction Contracts

TAS 18 (revised 2017) Revenue

TSIC 31 (revised 2017) Revenue - Barter Transactions Involving Advertising Services

TFRIC 13 (revised 2017) Customer Loyalty Programmes

TFRIC 15 (revised 2017) Agreements for the Construction of Real Estate

TFRIC 18 (revised 2017) Transfers of Assets from Customers

Entities are to apply this standard to all contracts with customers unless those contracts fall within the scope of other standards. The standard establishes a five-step model to account for revenue arising from contracts with customers, with revenue being recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The standard requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model.

This standard does not have any significant impact on the Company's and its subsidiaries' financial statements.

(b) Financial reporting standards that became effective for fiscal years beginning on or after 1 January 2020

The Federation of Accounting Professions issued a number of new and revised financial reporting standards and interpretations, which are effective for fiscal years beginning on or after 1 January 2020. These financial reporting standards were aimed at alignment with the corresponding International Financial Reporting Standards with most of the changes directed towards clarifying accounting treatment and providing accounting guidance for users of the standards except the following new standards which involve changes to key principles, which are summarised below.

Financial reporting standards related to financial instruments

A set of TFRSs related to financial instruments consists of five accounting standards and interpretations, as follows:

Financial reporting standards:

TFRS 7 Financial Instruments: Disclosures

TFRS 9 Financial Instruments

Accounting standard:

TAS 32 Financial Instruments: Presentation

Financial Reporting Standard Interpretations:

TFRIC 16 Hedges of a Net Investment in a Foreign Operation

TFRIC 19 Extinguishing Financial Liabilities with Equity Instruments

These TFRSs related to financial instruments make stipulations relating to the classification of financial instruments and their measurement at fair value or amortised cost (taking into account the type of instrument, the characteristics of the contractual cash flows and the Company's business model), calculation of impairment using the expected credit loss method, and hedge accounting. These include stipulations regarding the presentation and disclosure of financial instruments. When the TFRSs related to financial instruments are effective, some accounting standards, interpretations and guidance which are currently effective will be cancelled.

The management of the Company and its subsidiaries is currently evaluating the impact of these standards to the financial statements in the year when they are adopted.

TFRS 16 Leases

TFRS 16 supersedes TAS 17 Leases together with related Interpretations. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases, and requires a lessee to recognise assets and liabilities for all leases with a term of more than 12 months, unless the underlying asset is low value.

Accounting by lessors under TFRS 16 is substantially unchanged from TAS 17. Lessors will continue to classify leases as either operating or finance leases using similar principles to those used under TAS 17.

The management of the Company and its subsidiaries is currently evaluating the impact of this standard on the financial statements in the year when it is adopted.

2. Significant accounting policies

The interim financial statements are prepared using the same accounting policies and methods of computation as were used for the financial statements for the year ended 31 December 2018

3. Related party transactions

During the period, the Company and its subsidiaries had significant business transactions with related parties. Such transactions arose in the ordinary course of business and were concluded on commercial terms and bases agreed upon between the Company and its subsidiaries and those related parties.

The relationship between the Company and the related parties which have transactions with during the three-month and nine-month periods ended 30 September 2019 and 2018 are summarised below.

⁽f) Effective on 29 May 2019, the Company reclassified this investment from investment in associated company to investment in available-for-sale securities.

In March 2019, the Company sold 12 million ordinary shares of TTW Public Company Limited ("TTW") amounting to Baht 146 million, and recorded gains on sale of investment in this associated company of Baht 45 million and Baht 80 million in profit or loss in the consolidated and separate financial statements, respectively. As a result, its equity interest of TTW decreased from 19.29 percent to 18.99 percent.

During the second quarter, the Company sold 21 million ordinary shares of TTW amounting to Baht 253 million, and recorded gain on sale of investment in this associated company of Baht 77 million and Baht 137 million in profit or loss in the consolidated and separate financial statements, respectively. As a result, its equity interest of TTW decreased from 18.99 percent to 18.47 percent.

On 29 May 2019, a meeting of the Company's Board of Directors passed a resolution to approve the change in the purpose of investing in TTW shares and passed a resolution to approve the reclassification of the investment in TTW from investment in associated company to investment in available-for-sale securities, which was consistent with the approval of the change in the purpose of investing in TTW shares from holding for long-term investment in order to receive returns in the form of interest and dividends to holding to convert to cash when the business opportunity and timing are appropriate.

Subsequently, the Company reclassified the investment in TTW from investment in associated company to investment in available-for-sale securities, which is consistent with the reduction of its interest in that company's equity and the purpose of holding the investment. The Company recorded a gain of Baht 3,409 million as a result of the reclassification of the investment in profit or loss in the consolidated financial statements in the current period.

EXAT shall be required to fully comply with the Judgement within 90 days from the date the Supreme Administrative Court has ruled the Judgement, which will be due on 20 December 2018.

On 2 October 2018, the Council of Ministers' Meeting resolved that in order to alleviate the loss and damage which would occur to the Government and to protect the utmost benefits of the Government sector in the case that the Government agency has the dispute under the Court of Arbitration or is filed a lawsuit with the Administrative Court as one or several cases in the same issue or as connected thereto, for instance, the case under the responsibility of the Ministry of Transport (Expressway Authority of Thailand),

on which the Arbitral Tribunal rendered its arbitral award, thereby giving rise to the case proceedings in the Supreme Administrative Court, in which case, the Arbitral Tribunal rendered its arbitral award requiring the Government agency to compensate for the damages or others; as a result, the resolution has been passed to require that such Government agency may conduct a negotiation with its disputing party to alleviate the damage of the Government and to ensure the justice to the people, provided that such negotiation shall be conducted transparently and legitimately by mainly taking into account the benefits of the nation.

Subsequently, EXAT issued a letter dated 31 October 2018 to the subsidiary, informing that the Board of EXAT has appointed a subcommittee to consider determining the guidelines for compliance with the judgment of the Supreme Administrative Court of the dispute in the case of the competing road between EXAT and the subsidiary, so as to consider determining the guidelines for compliance with such judgment of the Supreme Administrative Court, as well as conducting a negotiation with the subsidiary and inviting the subsidiary to attend the negotiation meeting to reach an agreement for such matter.

On 19 December 2018, EXAT and the subsidiary issued their letters to reply the letter of the Bureau of Administrative Case Execution dated 11 October 2018 regarding the compliance with the Supreme Administrative Court's judgement that it is pending on the negotiation process to conclude the Supreme Administrative Court's judgement.

During December 2018, the subcommittee attended the meetings for negotiation with the Company and the subsidiary several times for the dispute settlement of all cases between EXAT and the Company/ the subsidiary under the Second Stage Expressway Agreement (Sector A, Sector B and Sector C), the Agreement for the Extension of the Second Stage Expressway System (Sector D), and the Bang Pa-In - Pak Kret Expressway Agreement. On 21 December 2018, the Company/ the subsidiary have reached the agreement with EXAT for the negotiation and dispute settlement for all disputes as mentioned on Note 31 to the interim financial statements. This includes the dispute regarding the Competing road, in which the Notice of claim has been issued to require EXAT to comply with the Agreement in an amount of Baht 74,590 million.

The agreement can be summarised as follows;

- A) EXAT and the Company/ the subsidiary have agreed to settle all disputes which already took place or would take place in the future in the same issues in relation with the Concession Agreements.
- B) EXAT and the Company/ the subsidiary have mutually agreed to review and amend the Concession Agreements as follows;
 - B1. The respective periods of time of the Second Stage Expressway Agreement (Sector A, Sector B and Sector C), the Agreement for the Extension of the Second Stage Expressway System (Sector D), and the Bang Pa-In Pak Kret Expressway Agreement, shall be extended from which would formerly end in 2020, 2027 and 2026 respectively, to end on 21 April 2057;
 - B2. The Company shall provide the O&M Services of the Second Stage Expressway and the subsidiary shall provide the O&M Services of the Bang Pa-In Pak Kret Expressway, provided that the Company/the subsidiary are entitled to receive toll revenue sharing throughout the respective agreement periods at the rates ranging from 40 to 100 percent according to the rates specified in the Agreements;
 - B3. The revision of toll rates shall be revised to constantly increase every 10 years;
 - B4. The Company shall have duty to invest, construct and improve the Second Stage Expressway in the total investment amount of approximately Baht 31,500 million to solve the traffic congestion problem.

At present, the results of the negotiation and disputes settlement are pending for the relevant government agency to propose to the Cabinet for an approval in conformity with the Private Investment in State Undertaking Act B.E. 2556, in which there might be the possibilities to be altered from which summarised in A) and B).

Since the agreement to settle the disputes from the negotiation process is pending for the relevant government agencies to propose for approval from the Cabinet. And, should there be an approval, it requires the process of signing the reviewed and amended concession agreements. Thus, there remains uncertainly as to the compensation to be derived by the subsidiary from EXAT, the subsidiary has not yet recorded revenue from compensation under the judgment of the Supreme Administrative Court in relation to the dispute regarding the competing road with the Udon Ratthaya Expressway in the total amount of Baht 1,790 million, together with interest and related expenses to be incurred, in the interim financial statements for the three-month and nine-month periods ended 30 September 2019.

31.2 Disputes submitted by EXAT claiming for damages in 3 disputes, with the total amount until the date of submission of the disputes of approximately Baht 1,589.2 million

31.2.1 Cost of arrangements of the entrance - exit and resolution of complaints

On 11 May 2007, EXAT submitted a statement of claim requiring the Company to be responsible for the cost of arrangements of the entrance - exit claimed by complainants, and the cost of free flow drains, in the total amount of Baht 0.4 million, which the Arbitral Tribunal rendered its arbitral award ruling that EXAT had no right to claim for such costs.

EXAT submitted a petition for revocation of the arbitral award to the Central Administrative Court. The Central Administrative Court subsequently issued the judgment, on 30 August 2017, to revoke the arbitral award only on the second ground part - the cost of free flow drains. The Court rules that the Arbitral Tribunal has illegally received the claim because EXAT submitted the case when the ground part was precluded by prescription.

On 29 September 2017, the Company appealed the Central Administrative Court's judgment to the Supreme Administrative Court.

At present, it is pending the Supreme Administration Court's consideration.

31.2.2 Construction of the Udon Ratthaya Expressway, Phase 2

On 29 January 2016, EXAT submitted a statement of claim to the Arbitral Tribunal requiring the subsidiary to construct the Udon Ratthaya Expressway, Phase 2, in accordance with the conditions of the Bang Pa-In - Pak Kret Expressway Agreement, and compensate for the amount of Baht 1,587.7 million, together with interest under the Agreement. The Agreement states that although the conditions of the Agreement to commence the construction has been fulfilled, the subsidiary shall not yet be obliged to carry out the construction if EXAT breach of the Agreement causing the subsidiary to suffer financial set back materially. EXAT are in breach of the Agreement with the competing road and the revision of toll rates, as mentioned on Notes 31.1.9, 31.1.10 and 31.1.11 to the interim financial statements. Therefore, the subsidiary acquired its rights to not commence the construction and EXAT is not entitled to claim for indemnity.

At present, it is pending the proceedings of the Thai Arbitration Institute.

31.2.3 Cost of utilisation of the Control Center Building (Bang Phun)

On 27 February 2009, EXAT submitted a statement of claim to the Arbitral Tribunal requiring the subsidiary to be responsible for the cost of utilisation of the Control Center Building (Bang Phun) in the amount of Baht 1.1 million, which the subsidiary was of the view that such cost claimed by EXAT was not within its scope of responsibility under the Agreement.

At present, it is pending the proceedings of the Thai Arbitration Institute.

Since the disputes are pending consideration, the Company and the subsidiary therefore did not record such entries in the interim financial statements.

- 31.3 Disputes submitted by the Company and the subsidiary claiming for damages which was in the Panel proceedings, in 5 disputes, with the total amount to date of submission of the disputes of approximately Baht 78,181.9 million.
 - 31.3.1 Revision of toll rates of the Chalerm Mahanakorn Expressway and the Si Rat Expressway for the year 2018

On 16 November 2018, the Company requested EXAT to compensate for the damages from 1 September 2018 to 31 October 2018, together with the interest, in an amount of Baht 592.9 million, and the interest of the principle damage in an amount of Baht 590.8 million on a daily basis from 1 November 2018 onwards, and compensate for the differences of toll revenue according to the Notification of the Ministry of Transport dated 2 August 2013 from 1 November 2018 onwards together with the default interest under the Agreement. On 5 July 2019, EXAT and the Company could not reach the amicable settlement in the date of appearance. Therefore, the Panel agreed to terminate the consideration and referred the dispute into the arbitration class.

At present, the dispute is pending to submit to the Thai Arbitration Institute.

31.3.2 Revision of toll rates of the Si Rat Expressway - Sector D for the year 2018

On 29 October 2019, the subsidiary requested the EXAT compensate for the deficit revenue, as mentioned on Notes 31.3.4 to the interim financial statements. From the estimated according to the Appendix VIII attached to the Bang Pa-In Pak Kret Expressway Agreement for the year 2018 for the total of Baht 4,771 million together with the cumulative interest calculated until 29 October 2019 in the total of Baht 278.3 million, and compensate for the interest of the principle amount total Baht 4,771 million calculated from 30 October 2019 until EXAT shall pay the principle amount together with the interest in the amount of Baht 5,049.3 million in full to the subsidiary.

At present, the dispute is pending to the proceeding of the Panel.

32. Fair value hierarchy

The Company and its subsidiaries use the market approach to measure their assets and liabilities that are required to be measured at fair value by relevant financial reporting standards, except that the cost approach or income approach is used when there is no active market or when a quoted market price is not available.

Fair value hierarchy

In applying the above-mentioned valuation techniques, the Company and its subsidiaries endeavor to use relevant observable inputs as much as possible. TFRS 13 Fair Value Measurement establishes a fair value hierarchy categorising such inputs into three levels as follows:

- Level 1 Use of quoted market prices in an observable active market for such assets or liabilities
- Level 2 Use of other observable inputs for such assets or liabilities, whether directly or indirectly
- Level 3 Use of unobservable inputs such as estimates of future cash flows

As at 30 September 2019, the Company and its subsidiary had the following assets and liabilities that were measured at fair value using different levels of inputs as follows:

(Unit: Thousand Baht)

	C	Consolidated financial statements			
	Level 1	Level 2	Level 3	Total	
Financial assets measured at fair value					
Current investments					
Unit trusts	-	1,369,074	-	1,369,074

Valuation techniques and inputs to Level 2 valuations

The fair value of investments in unit trust has been determined from their net asset value as announced by Asset Management Company.

The fair value of derivatives has been determined by using a discounted future cash flow model and a valuation model technique. Most of the inputs used for the valuation are observable in the relevant market, such as interest rate yield curves.

33. Events after the reporting period
